PICQUART TESTIFIES.

Replies to His Recent Arraignment
by General Roget.

MORNARD ASSISTS DEFENSE.

Sudden Death of Lieutenant Colonel
Lohe, in Charge of Mounted
Force at the Courtmartial.
Various Rumors.

Rennes, France, Aug. 18.—When the second trial by courtmartial of Captain Alfred Dreyfus, charged with treason, was resumed in the Lycee, Colonel Picquart, former chief of the intelligence department of the war office, was called to the witness stand and continued his deposition which was interrupted Thursday by the adjournment of the court for the day.

The colonel gave his testimony in the same loud, fearless tone of voice that characterized his manner previously. He began by declaring he thought it necessary to immediately reply to General Roget's veritable arraignment of him while on the stand. At the outset of Colonel Picquart's remarks, Roget interposed and said he would reply to them.

Continuing, Colonel Picquart proceeded to discuss the secret dossier as being the mainspring of the condemnation of Dreyfus. He took up the documents successively, referring to the writers and addresses of the letters as "A" and "B."

Among those present in court were Generals Zurlinden and Billot, former ministers of war.

Maitre Mornard, who argued the case in behalf of the Dreyfus family for the revision of the prisoner's sentence before the court of cassation, was present to assist M. Demange of counsel for the defense.

At the conclusion of Colonel Picquart's deposition, Generals Roget and Mercier rose together and asked to be allowed to be confronted with the witness. The confrontation, however, only lasted a few minutes and did not prove sensational, having reference to comparatively minor points.

After Picquart had reiterated his statements, the court adjourned at 11:40 a. m.

WAS IT SUICIDE?

Sudden Death of an Officer Detailed
to Duty at Courtmartial.

Rennes, Aug. 18.—Lieutenant Colonel Lohe, who has been in charge of the mounted gendarmes doing duty about the courtmartial, died suddenly Thursday.

The anti-Dreyfusites openly charge the Dreyfusites with being responsible for his death. The local newspapers in their accounts of it print in big headlines: "Another victim of the Dreyfusite venom."

It is rumored that Colonel Lohe blew out his brains because of attacks in the newspapers friendly to M. Lahori since the shooting of the latter. Another story is that death was due to heart disease. It is practically impossible to get at the truth. At military headquarters it is vehemently denied that Lohe committed suicide.

Colonel Lohe had been one of the most conspicuous personages on the scene since the beginning of the trial. At the time of the assault on M. Lahori he led the first platoon detached to maintain order on Richmond bridge, the scene of the shooting. There he was somewhat abrupt in handling the friends of the wounded lawyer who sought to get near him. His conduct under the painful circumstances was severely commented upon. Colonel Lohe took these attacks to heart and grew despondent to such a degree that his health was affected.

On Thursday, during the sitting of the courtmartial, he was obliged to leave the room, saying he was too ill to remain until the close of the session. Two hours later the news of his death leaked out. What aerves to give an air of mystery to the happenings was the conflicting statements about the cause of death.

Two men who knew Lohe intimately say they noticed that his mind was gradually being unbalanced by listening to the debates at the Dreyfus trial. Two days ago, they declare, he said it was hopeless to struggle against the Jews, who now have the upper hand and will avenge the race on "all of us officers of the army."

Arrest of Labor's Assailant.

Rennes, Aug. 18.—The man who attempted to murder Maitre Labori, leading counsel for Captain Dreyfus, has been arrested at Dol in this department. His name is Glorot, he is a native of the Department of Cotes-du-Nord and has confessed.

MONSTROUS CRIME

Ten-Year-Old Boy Hanged in a Barn
at Murray City.

Murray City, O., Aug. 18.—A monstrous crime was enacted here. A 10-year-old son of John Nemeth, a Hungarian saloonkeeper, was found dead in the barn. A short piece of rope was hanging from the rafter and a longer piece with a loop was found in the adjoining room which had been freshly cut, showing that the body had been cut down after the crime had been committed. The rope prints on the boy's neck were very perceptible.

A woman stated she had seen two men going over the hill from the barn in a very excited and hurried manner, and Mr. Nemeth claims that two men from New Pittsburgh, Ruhe and Male Lanning, left his saloon about the time the murder was committed. These two men have been arrested on suspicion.

THE ALASKA DISPUTE

Warms Sir Charles Tupper Up to
Fever Heat.

WOULD TRY TO FORCE ISSUE.

Says So Long as Americans Can Derive
a Pecuniary Benefit by Keeping
Question Open They
Will Do So.

London, Aug. 18.—Sir Charles Tupper, former Canadian high commissioner, in an interview, said: "The United States is purposely delaying the settlement of the Alaska dispute on account of the pecuniary benefit accruing to miners and coast cities through delays and has refused to have the boundary delimited as is being done in Venezuela."

No settlement could ever be reached through the even side commission suggested by the United States. We have reached an impasse and have no intention of negotiating in regard to matters pending between Canada and America until the Alaskan question is settled.

I propose that a British railroad be built from Kitimat to Dawson and that a law be passed allowing only Britishers to mine on the Yukon. The moment this is done the object of the United States in preventing a settlement disappears. The Dominion is a unit in supporting Sir Wilfrid Laurier's stand.

PUGILIST DEAD.

Promoters of the Fight Held on Charge
of Manslaughter.

San Francisco, Aug. 18.—The autopsy over the remains of Jim Franey, the pugilist, who died after having been knocked out by Frank McConnell on Wednesday night, shows that his vital organs were diseased; that he was in no condition to enter any ring, and principally that he had been pummeled and beaten to death by McConnell, who was arrested on a charge of manslaughter and is now out on bail. A similar charge has also been placed against J. J. Groom and J. D. Gihbs, promoters of the fight; Hiram Cook, the referee, and the seconds of both men engaged in the contest. All have given bonds.

The hospital ship Missouri will sail about the end of this month via Suez for Manila. She also will carry a big cargo of medical supplies and a detachment of the hospital corps, numbering 150 men.

Wants an Appropriation.

Chicago, Aug. 18.—For the maintenance and ornamentation of "Confederate Mound," where 4,309 followers of the southern cause lie buried, Congressman Mann of the Third district, Chicago, will at the next meeting of congress ask for an appropriation. The men who are buried under the "mound" were prisoners of war at Camp Douglass.

Puerto Plata, Aug. 18.—President Figueroa of Santo Domingo has received a dispatch informing him that a Jimenez expedition has been organized at Baracoa, Cuba. Y., Aug. 18.—A large portion of northern New York, including the counties of Jefferson, St. Lawrence and Lewis, is being swept by fierce forest fires that have already destroyed thousands of dollars' worth of valuable timber land and threaten to do more serious damage unless quenched by a heavy rain.

MONUMENT UNVEILED.

Emperor William Delivers an Address
on the Occasion.

Berlin, Aug. 18.—Emperor William unveiled a monument to the dead of the regiment of the First Guard on the St. Privat battlefield in the vicinity of Metz.

In his address his majesty, among other things, said:

"Hallowed recollections attend today's festival making hearts beat higher. My first regiment of foot guards is represented by one company, its glorious flags and many old comrades who fought and bled on this spot. I unveil this monument in remembrance of those who fell on the field of battle. This ceremony also takes place in the presence of my youngest regiment and the whole army, represented by the troops of the Sixteenth corps. This is almost the only regiment which has not hitherto been represented by a monument on this blood-drenched field. Yet it had full claim to one."

"Although it is nearly related by history to my house, whose princes and klags it has been called upon to train up, and though it might rightly therefore be considered as a family household regiment, yet my grandfather did not hesitate for a moment to sacrifice to the welfare of the country troops so dear to him. History tells us how the regiment fought and fulfilled its oath and how its behavior evoked the praise, and its sorrows the tears of the great emperor. This regiment, with me as its senior commander, sets up a memorial of stone to its heroic heroes who rest beneath the ground here."

"The design of this monument differs from that usually on a battlefield. A tall clad angel leans in calm repose on a sword adorned with the regiment's proud motto, 'Semper Paratus.' I desire that the meaning of this figure be generally known. It stands on this blood-stained field as a guardian of all the brave soldiers of both armies, French and German, who fell here."

Emperor William strongly emphasized the words "all" and "both" in his utterances when referring to "all" the brave soldiers of "both" armies.

To Form a New Company.

Chicago, Aug. 18.—It is now stated with a good deal of positiveness that the Philadelphia committee has secured control of the reorganization of the Kansas City, Pittsburg and Gulf road and is ready to promulgate and proceed to the execution of its plans.

The plan, as outlined in a formal announcement from the reorganization committee, provides for the formation of a new company which is to acquire all the property of the existing company, together with at least a controlling interest in the Kansas City Suburban Belt and the Port Arthur Channel and Dock companies.

Legally Executed.

Rockville, Md., Aug. 18.—Armistead Taylor and John Alfred Browne, colored, were hanged here for the murder of Louis Rosenstein and his wife. The drop fell at 10:20 a. m. Taylor and Brown robbed and murdered Louis Rosenstein and his wife Dora on the morning of May 13, 1899, at the little town of Sildell, Montgomery county, Maryland.

Vigilance Safe.

New York, Aug. 18.—The Ward line officers have received a dispatch from Nassau, Bahama Islands, saying that the steamer Vigilance, which sailed from here Wednesday, August 9, for Mexican ports via Havana, where she was due last Sunday, arrived at Nassau all well and the vessel in good condition.

Burned to Death.

Big Rapids, Mich., Aug. 18.—The county poorhouse at Stanwood was burned. The fire started in the frame insane ward of which Adolph Murrin is believed to have been the only occupant. Murrin was burned to death. Many of the 40 inmates of the main building narrowly escaped.

Americans Interested.

DEPOTS SURROUNDED

By Hungry Inhabitants of Porto Rico
Clamoring For Food.

SUPPLIES NOT YET ARRIVED.

People of the Towns Find Shelter
Wherever They Can, but Many
of Them Are Compelled to
Sleep in the Open Air.

San Juan, Aug. 18.—Visits to the most distressed districts of the island prove that the former reports of terrible conditions have not been in the least exaggerated. People in the towns are huddled together anywhere for shelter. In the country the people are sleeping in the open air.

The food supplies have been totally destroyed. Only the well-to-do can afford to buy provisions.

Unless succor comes in a few days the people will starve. The supplies from San Juan have not yet arrived at the towns, but are expected. The depots in many towns are already surrounded by large numbers of hungry persons.

The mayors of the towns have received no authority to dispense monies, but most of them are contributing generously out of their own pockets to supply the most urgent needs.

As far as Caguas and Cayey the sanitary conditions are not threatening, but reports from the towns farther south state that their condition is dangerous. The peril lies in the herding of the inhabitants.

Several of the soldiers were wounded during the recent hurricane, but it is learned that there were no deaths among them.

The best posted persons agree that it will be necessary to provide work for the inhabitants and seeds for the next planting. In the district surrounding Mayaguez scores of women and children are homeless and begging shelter and food.

Pauls Seizes Emigrants.

San Juan, Porto Rico, Aug. 18.—The schooner Conception, loaded with 200 Porto Ricans going as emigrants to Samana, went adrift. All jumped overboard and several were drowned.

Chair Trust a Go.

Grand Rapids, Mich., Aug. 18.—Promoters of the chair manufacturing combine have now secured the agreement of 88 of the leading manufacturers to enter. Judge Campbell of Cambridge, O., and J. S. Ford, two of the manufacturers interested, secured options on the plants of Stickney Brothers, the Michigan Chair company, the Grand Lodge Chair company and the Wolverine company. The trust will probably be capitalized at \$20,000,000.

Afro-Americans in Council.

Chicago, Aug. 18.—The value of the colored vote and how to use it for the betterment of the race was discussed at the meeting of the Afro-American council in session here. A resolution declaring that no candidate for office should receive the colored ballot unless in advance of election he promised to make the path of the African to the voting booth as "straight, smooth and safe" as that of every other American citizen was adopted.

A Fast Youth.

Louisville, Aug. 8.—Fast living has made Claude Bleket, a 14-year-old boy, a thief. Although still in short trousers the lad has a girl, smokee cigarettes and associates with boys several years his senior. He dresses well and has a gold watch and diamonds. The boy was arrested on a charge of grand larceny. He is alleged to have embezzled \$270 the past month, and was caught by a trap laid for the thief.

Worsted in the Storm.

Nassau, N. P., Aug. 18.—The Morgan line steamer Winifred, from New York for New Orleans, has arrived here, being towed in by the Vigilance of the Ward line. The Winifred's funnel is gone, her deckhouse is damaged and the engine room is flooded. She encountered the storm on Sunday last when she received her injuries and also lost her boats.

Crocker Horse Won.

London, Aug. 8.—At the Nottingham summer meeting the Oxten selling plate was won by Richard Crocker's Sweet Chimes, ridden by L. Reiff, the American jockey. Solano, with "Skeets" Martin in the saddle, ran a dead heat with Gold Paint for second place, in a field of nine horses.

WEATHER FORECAST—Fair and warmer to-night and Sunday.

The Lexington Herald, after encouraging the bolters in every way possible, refuses to carry the Brown ticket at the head of its columns.

There is one Maysville gentleman who is not satisfied with any of the State tickets so far nominated. A friend suggested that he ought to get together and put up a ticket of his own.

JOHN THOMPSON ON JOHN Y. BROWN.

No man in Kentucky is closer to Gen. P. W. Hardin than John B. Thompson, of Mercer County. But John Thompson is a Democrat and not a sorehead. In Cincinnati a few days ago he declared that he is no bolter and that he will vote the Democratic ticket from top to bottom and take the stump in support of it. With reference to the bolting element and John Young Brown, who heads the ticket, Col. Thompson said:

"I believe that John Young Brown is the weakest man they could put up. Granting that Goebel is everything said of him by his enemies, he is a better Democrat than Brown; Goebel never was accused of disloyalty to his party. I should never have voted for Brown in the convention under any circumstances. He helped to throw Wat Hardin down in 1895. He was throwing stinkpots at Hardin all the time, and much of the ammunition of the Republicans is said to have been furnished from his office. He is in no shape to call for Democratic support, especially from the Hardin men."

BISHOP VINCENT ON THE PHILIPPINE WAR.

Bishop Boyd Vincent, of Cincinnati, writes:

"Aside from all questions of constitutionality or mere expediency, it is the moral situation in which we find ourselves placed in the Philippines which it seems to me ought to distress every true American heart. It is so utterly un-American in spirit, so almost inhuman. How any genuine American with the principles of the Declaration of Independence in his soul can look complacently at what is going on to-day in the Philippines, I cannot understand. With every fresh battle fought I want to hide my face in shame and horror at what my country is doing there. What crime have those Filipinos committed that under the very Stars and Stripes we should be shooting them down by thousands, as the Spaniards did before us? Absolutely nothing, but what they want—Independence and self-government like our own."

Nothing stronger has yet been uttered against the administration's war of expansion.

The C. and O.'s First Dividend. [Enquirer.]

The first dividend ever paid by the Chesapeake and Ohio will be payable next month. The payment of a dividend by this road speaks volumes for the men who have managed it and brought it out of the awful condition in which they found it. Ten years ago, when M. E. Ingalls became President of the road, not one railroad man in a thousand believed that the road would be able to keep on its feet, to say nothing of paying a dividend. The company will have a nice surplus left from last year after paying 1 per cent. dividend on its common stock.

There were two more additions to the Washington Christian Church last night.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial, took in all eight bottles. It has cured me, and I thank God I am saved and now a well and healthy woman." Trial bottles free at J. Jas. Wood's drug store. Regular size 50c. and \$1. Guaranteed or price refunded.

FREE PASSES AND FREE GRUB.

A Man Worth Over \$100,000 in the List of Free Riders to the Brown Convention at Lexington.

FRANKFORT, KY., August 17.—The fact that 150 free tickets over the L. and N. Railroad were ready for distribution in Frankfort yesterday morning may or may not account for the presence of the Frankfort delegates to the bolters' convention, but the free tickets were here, and a number of people who never went near the convention took advantage of a free ride to do some shopping in Lexington, and one man, who is worth over \$100,000, accepted the L. and N. "courtesy" instead of paying the regular fare, 85 cents. The Democrats here say what is true of this city and county is true of all other counties where the L. and N. reaches, and that, therefore, the convention yesterday must thank the L. and N. Railroad for at least 75 per cent. of its delegates or badge wearers.

LEXINGTON, KY., August 17.—"In the history of Kentucky politics no greater farce was ever enacted than that which was yesterday given the name of a convention and manipulated by a handful of disgruntled office seekers and de-throned bosses, aided by several hundred hirelings, who, for money furnished by corporations, endeavored to give an unnatural movement the spirit of enthusiasm," said Mr. Louis Descognets to the Enquirer to-day.

"Who ever heard of a convention without a roll call? Who ever heard of a convention where there was no work for a credentials committee? These things alone are enough to show the fallacy of the statements of those men who claim that they represent the Democracy of the State. They dared not call a roll. "They knew that the majority of the counties in Kentucky were without representation; they knew also that the majority of the men in that crowd were brought from the city of Louisville and a few counties adjacent, and they knew that to call a roll or ask for credentials would serve alone to expose them. I do not charge that the Louisville and Nashville brought men to Lexington free of cost, but I do know that scores and hundreds of people who were here yesterday came on tickets for which they paid not a penny, and further, that meals for many of them were paid for by John Whallen."

Sig Speyer, a local cut-rate ticket broker, as he exhibited to the Enquirer correspondent this afternoon a handful of L. and N. tickets from Lexington to Louisville and Covington said:

"I bought these and many more for practically nothing yesterday. Fellows wearing delegates' badges came in here in droves offering tickets for sale. I asked each of them what they had paid for them and the reply was invariably, 'Nothing. They were handed to us.'"

On the cashbook of the Palace Hotel to-day appears the entry: "John Whallen, 341 meals—\$85.25—paid." This is the number of dinners and suppers eaten at the Palace Hotel yesterday by the men Whallen brought up from Louisville and sent back again as the convention adjourned. A person giving his name as C. T. Pannell came into the Phoenix Hotel restaurant with forty-five men last night and paid \$29.75 for their suppers.

Electric Park.

Owing to a misunderstanding upon the part of the management with regard to the arrangement with the orchestra, the members of that organization, with the exception of the pianist and violinist, failed to make their appearance last night. They also failed to notify the management in time to change the advertisement for that feature of the entertainment. No one regrets this more than the management, but it was unavoidable. Last night "The Irish Doctor," a bright comedy, was presented, with a very clever little smile-maker, "The Captain's Furlough," for a curtain-raiser. The same bill will be presented to-night. It gives the management great pleasure to announce to the patrons and friends of the park that the Murray-Hartl Company will remain all next week, appearing in three new and highly laughable farce-comedies.

MORE OIL.

An Old Well in Frenchburg Produces the Article and the Town is Aroused as Was Flemingsburg.

FRENCHBURG, KY., August 17.—Quite an excitement has been created over the discovery of petroleum at the bottom of the well on the property of J. H. Williams on the corner of Walnut and Sycamore streets. The well is a common old-styled open well about fourteen feet deep, about twelve feet from the surface to the rock, and cut about two feet in the rock, which is a bluish shale, very irregular in formation. The well was dug fourteen years ago, and showed signs at the time of digging of oil, which so impregnated the water that it would not do for washing clothes and scarcely for any purposes in the dry season, when the supply was reduced to the vein in the rock. The supply of water is now very meager and is so thick with oil that it is of no use for any purpose.

There will be a sample of the oil sent for chemical analysis. Frenchburg is on the headwaters of Beaver creek, a tributary of the Licking river, in a basin with surrounding hills interlaid with a very rich quality of iron ore and light deposits of a very high grade bituminous coal. We are thirty-five miles south of Flemingsburg, where excitement ran so high over the recent discovery of petroleum in the town well. There are other wells in this town similarly affected.

Superior and Kentucky DISC DRILLS

Are King and Queen of all Drills. Their superiority over all competitors are too well known to need comment; suffice it to say that we placed over sixty of these Drills the past season and have yet the first complaint from a single purchaser. On the other hand every one who used them stand ready and willing to give their testimonials as to the superior work done by them, and their unanimous verdict is if you expect to purchase a Drill this season, get either the
SUPERIOR OR KENTUCKY
and no other. Do not delay placing your orders and there will be no disappointments, as is the case each season when we are forced to resort to the river and express, which makes an additional expense. Every Drill is warranted to be just as represented. Do not allow yourself to be talked into buying some inferior Drill for the sake of saving a few dollars. Remember the cheapest is not the best, but the best is always the cheapest. Respectfully,

DEADLY TRUSTS.

Policy of the Democratic and Republican Parties Aply Compared.

The Combines Among the Greatest Evils of the Times—The People Must Rule.

[Extract From Senator Goebel's Speech at Mayfield.]

"The Democratic platform pledges the party to renewed efforts to suppress the trusts. It declares in favor of an amendment to the anti-trust statute now on the statute books making nonenforceable any contract made by any trust, or any member of any trust, with a view to fix or regulate prices or control production. In other words, no trusts, and no member of any trust or combination, shall be permitted to recover in the courts of the commonwealth the price of any article that is the product of any trust.

"The trust is among the greatest of the evils of the time. Trusts are formed and operated through corporations. The corporation is a creature of the government. Theoretically all corporations are created for the public good. When they abuse their privileges and menace the public welfare laws should be enacted to prevent the abuses or to revoke the privileges abused.

"The tendency of the trusts of this day is to produce a condition like that which was produced by what was known as the feudal system in Europe 400 and 500 years ago. Our histories teach us that in that time and under that system nearly all wealth—which then consisted largely in land—was owned by a select class known as the nobility. The great body of the people were tenants and servants upon the land, many passing with the land like the cattle upon it. With the development of constitutional liberty the feudal system disappeared. The trust of this day tends to impoverishment of the many to enrich the few. It means corruption of government, the purchase of special privileges and use of the power thus acquired to plunder the masses of the people. It enables its operators to control both production and consumption. It robs producer, consumer and employee alike. It means what the concentration of great wealth in the hands of the few has meant in all ages and in all countries—the making of mere dependents of the great body of people, depriving them of all hopes of progress or independence. It is founded in heartless greed, and is at war with fundamental principles of republican institutions and the dearest rights of mankind. Republican government can not co-exist with complete domination of the trust. Carried to its logical conclusion, the trust is more destructive of individual independence than a monarchical form of government. Either the people must control the trusts or the trusts will rule the people.

"The chief means through which trusts are established and maintained are the single gold standard and a high protective tariff. The Democratic party is and always has been unalterably opposed to both; the Republican party is responsible for both. [Applause.]

"The so-called Sherman anti-trust law enacted by congress contains a section declaring that no proceeding shall be instituted under it except upon direction of the United States district attorney for the district in which the proceeding is brought, or upon the direction of the attorney general of the United States. No grand jury can act independently under the law. The law has been a dead letter ever since its enactment. It never was intended to be enforced and never will be by a Republican administration.

"Mr. Attorney General Griggs has publicly declared his reason for his failure to enforce the federal anti-trust statute to be that the federal government can not suppress them, and that the trust question is one that must be dealt with by the states themselves.

"At the last session of the Kentucky general assembly the Democratic majority of the house of representatives passed an anti-trust bill, offered by Mr. Bradburn of Bowling Green, which, in my judgment, would have proved effective to crush the operations of the trusts in this state. In both the house of representatives and the senate every Republican vote was cast against this bill. It failed of passage in the senate solely because there were two members, elected as Democrats, joined with the entire Republican membership of that body in voting against it. Notwithstanding this record of the Republican party in both nation and state, the Republican platform in Kentucky declares, 'We pledge the Republican party to the enactment of all such laws as may be necessary to prevent trusts, pools, etc., etc.'

"And Mark Hanna, the real head of the Republican party in this nation, the gatherer and disbursing of the immense corruption fund used to make McKinley president, which included \$1,000,000 contributed by the sugar trust; Hanna, the agent through whom the powers of government were by the Republican party bartered to the contributors of this fund, in order that they might not only reimburse but magnificently compensate themselves by levying tribute, through unequal laws, upon the people; Hanna himself one of the foremost manipulators and beneficiaries of trusts, actually had the recent Republican state convention in Ohio to denounce the trusts.

"The Republican party has become merely the political agent of the money power and the trusts. It holds power now, and hopes to hold power in the future, solely as the result of the use of immense corruption funds contributed by the money power and the trusts, and it uses the powers of government chiefly to repay the contributors of those corruption funds. It exalts money, the servant; it debases man, the master. [Applause.]

Lincoln's Warning.
"The growth of trusts and the policies of the Republican party forcibly recall the language of one of the great men of that party. In a message to

congress in 1861 Abraham Lincoln said this:

"Monarchy itself is sometimes hinted at as a possible refuge from the power of the people. In my present position I could scarcely be justified were I to omit raising a warning voice against this approach of returning despotism. It is not needed or fitting here that a general argument should be made in favor of popular institutions, but there is one point with its connection not so hackneyed as most others to which I ask a brief attention. It is to the effort to place capital on an equal footing with, if not above, labor in the structure of government. It is assumed that labor is available only in connection with capital, that nobody labors unless somebody else owning capital somehow, by the use of it, induces him to labor. Labor is prior to and independent of capital. Capital is only the fruit of labor, and could never have existed if labor had not first existed. Labor is the superior of capital, and deserves much the higher consideration."

"It is only through the party of Jefferson and Jackson that this nation can be saved from complete subjection to the money power and the trusts. [Cheers.]

"The Democratic platform approves of, and the Republican platform demands the repeal of the statute amending the election law enacted by the last general assembly. The gist of that statute is that it takes from the county judges and confers upon three commissioners in each county the power to appoint each year the precinct election officers that are to conduct elections, the county commissioners being appointed by a state board of three commissioners chosen by the general assembly.

RACE WAR IMMINENT.

Attempted Assassination Arouses Mississippi White Men.

Meridian, Miss., Aug. 18.—A race war is threatened in the vicinity of Russell, a small town in this county.

About a week ago Dr. P. N. Wells shot and fatally wounded a negro while in the act of stealing his cattle. On Tuesday night two negroes attempted to assassinate Dr. Wells and one of them was shot and killed by the doctor.

Another unsuccessful attempt was made on the doctor's life Thursday morning. This has aroused the white people to the boiling over point, and notice has been served to the negroes that any further hostile movement on their part toward Dr. Wells will precipitate a race conflict, which will be waged to the death by the whites.

Fierce Forest Fires.

Albany, N. Y., Aug. 18.—The forest fires which have been raging for the past week in all portions of the Adirondacks threaten to make, as great a conflagration as that of 10 years ago. State officials are scattered through this region endeavoring to get men to cope with the flames. Fires are now burning in a dozen different places, the largest ones being at the upper lake, between Seventh and Fourth lakes, and at Paul Smith's.

Trolley Accident.

Lima, O., Aug. 18.—The trolley wire broke above a summer car on South Main street, wrapping around the car, causing vivid flashes of light. An unknown woman was rendered unconscious from the shock. She is still insensible and may die.

Decapitated.

Dayton, O., Aug. 18.—Herbert Wolf, 20, a carriage trimmer from Miamisburg, in attempting to jump from a Big Four train at the Main street crossing, fell under the wheels and his head was completely severed from his body.

Negro's Narrow Escape.

Little Rock, Ark., Aug. 18.—Ed Wright, a negro who barely escaped mob violence Wednesday night, has been released, it being established beyond a doubt that he was not connected with the five criminal assaults.

Girls Killed in an Explosion.
Chicago, Aug. 18.—Lena Metzger, 12, and Rosa Falbisaner, 11, lost their lives as the result of an explosion of gasoline in the basement of the Metzger home.

Mr. and Mrs. Albert Swing have returned to their home at Cincinnati after a visit with Dr. Samuel Brough.

A man talks about owning his business. But as a matter of fact his business owns him. His whole life is regulated by the demands of the business. The time at which he rises, his breakfast hour, the time given to meals, are all determined by business obligations. He rushes through lunch because he "can't spare the time from business" to eat leisurely. He won't take a rest because he is needed at the store or office. He is in fact an absolute slave to business. The results which follow this slavery are to be seen on every hand. Men dyspeptic, irritable, nervous, with drawn faces, and hollow eyes, sit at the desk or stand behind the counter until they collapse in a fit of sickness, or are taken away by heart failure. Those who cannot escape the exactions of business will find a friend in Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, increases the action of the blood-making glands, increasing the vitality and physical vigor. It makes men strong and prevents those business break-downs which so often terminate fatally.
